### And What Have You

By BOB CRAIG

If all goes as planned the Hamlin School Board will open bids today (Thursday) on new lights for the football stadium. And one of the bidders has indicated that he could have the new lights installed in time for the Homecoming game here Oct. 11.

This is something that has needed attention for a long time. We hope that everything goes as planned and we can have the new lights that soon.

If you are wondering why the sudden interest in the lights, it is because of the new ruling (put into effect last year but enforced this year) that requires the team to be six feet back from the sideline. When you move back that far on our field you are back against the fence and the only way you can move the fence is to get rid of the light poles.

The specifications for the bids call for four steel poles, two to each side, to be placed behind the stands. Each pole will be equipped with 24 quartz lights with all wiring underground.

Not only will this make the Hamlin field one of the best lighted fields in the area but it will also get rid of the poles that always seem to block everyone's view.

Last week when we defended President Ford's pardon of former President Nixon we felt a little lonesome after reading what most other writers had to say about the subject. That is until we received our friend James Robert's newspaper from Andrews.

All of Robert's column is worth repeating but because of length we are going to repeat only part of it here.

"Not since the civil rights days of the fifties have we heard as much hypocritical hogwash as has poured forth following President Ford's pardon of Richard Nixon.

"Back in the fifties, all the integration battles were fought in the South with the people up north insisting on one standard for the South and another standard for the Northern schools.

"Now that the worm has turned and they're true integration up there by busing, staid old Bostonians were out tossing rotten tomatoes at, of all people, Sen. Edward Kennedy.

"But all the screamin' and gnashin' of teeth and wailin' heard in Washington and New York from lawyers and news media concerned the double standard the pardon is supposed to encourage in this country.

"Nuts!

"We've had a double standard under law ever since the white man traded those Indians out of Manhattan. And it wasn't something invented by the Democrats or the Republicans--both have used it to a fare-thee-well for ages.

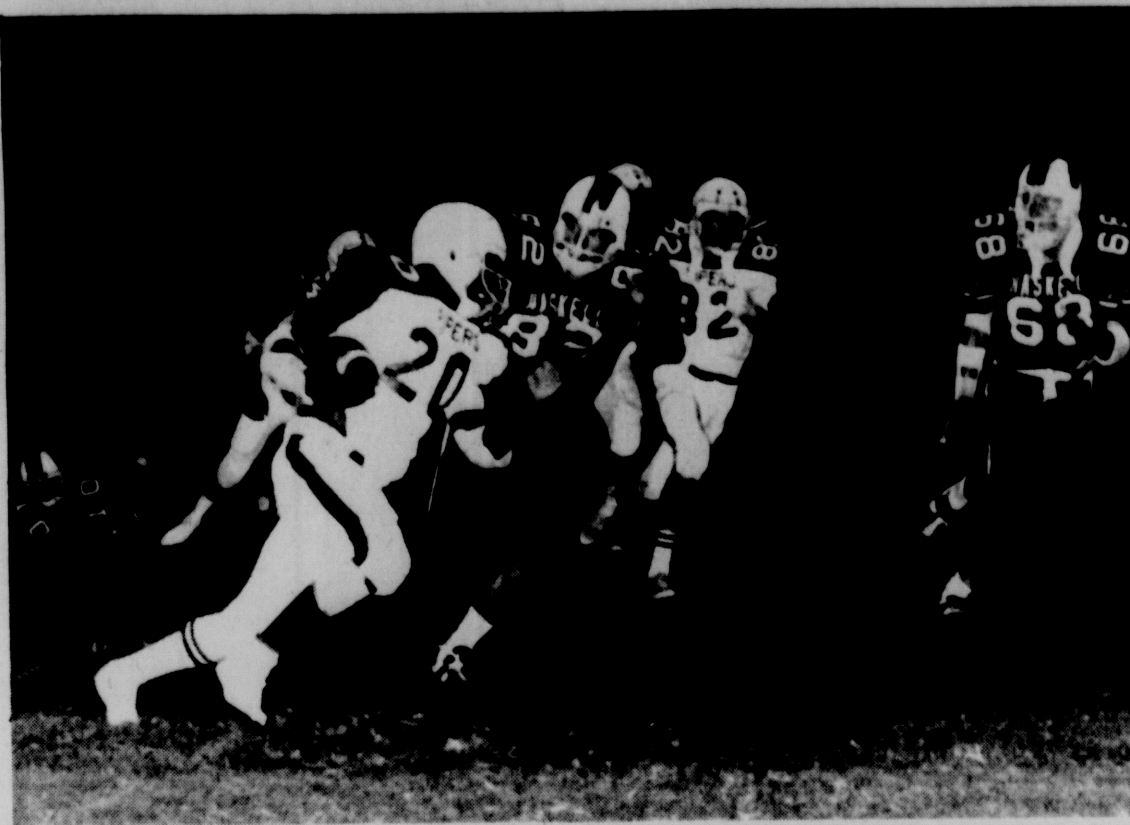

"Personally, every day that passes, President Ford reminds us more of former President Truman. He bites the bullet quick.

"We hope the President pardons every Watergate offender and every draft dodger and war resister in and out of the country.

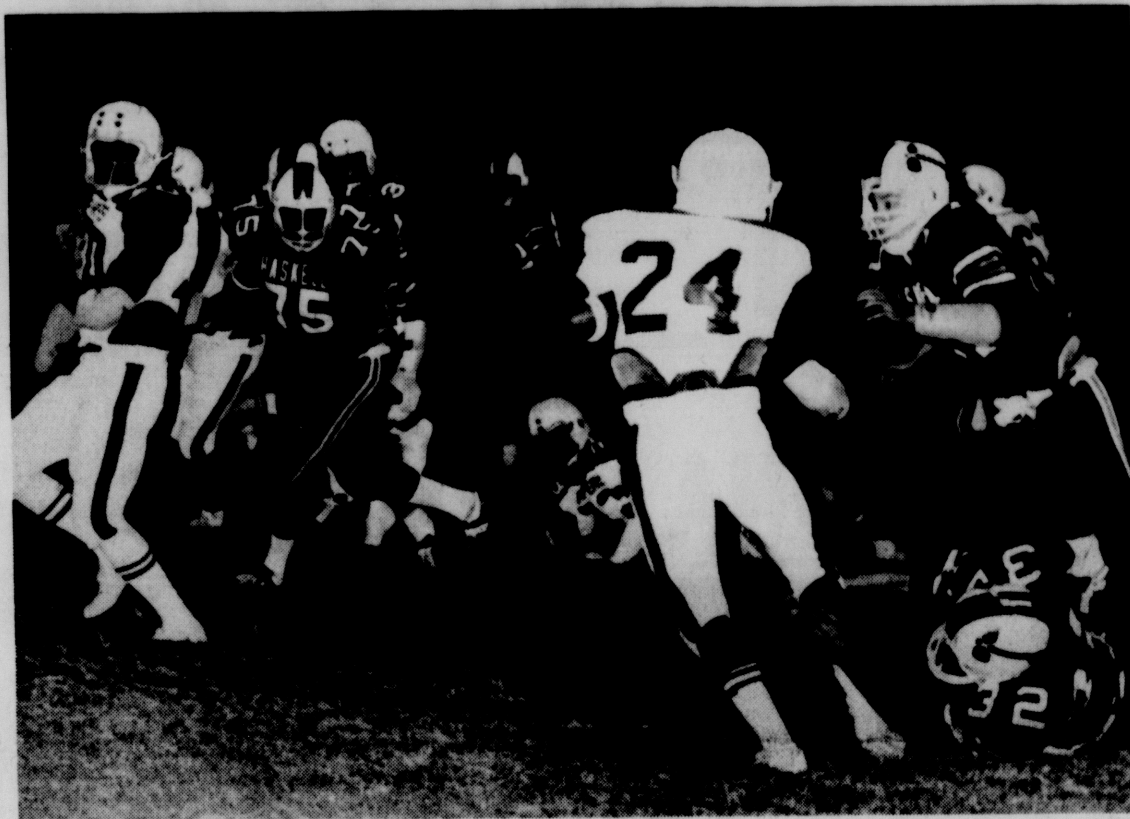

"We could care less about any of them. But by pardoning the whole lot maybe we could write an end to Vietnam and to Watergate and just possibly terminate the employment of those 1,300 to 1,500 Watergate lawyers on the federal payroll in Washington and force them out on the streets to earn an honest living for a change.

"Actually, President Ford better hurry up with those pardons before someone remembers that we never had have gotten around to prosecuting Democrat Senators Hubert Humphrey nor Wilbur Mills

## Child Day Care Center Now Serving Over 22

The Hamlin Child Care Center is currently serving 22 regular full-time children, four part time children and usually two or three drop-ins each day, according to Peggy Bonds, a member of the board of directors of the organization.

Enrollment in the Center, licensed to care for 35 children, has fluctuated from 10 to 33 regulars since its opening in June.

Mrs. Bonds said, "Financially, regular full time enrollees would be the ideal way to operate, but up to this time we have not filled our quota of 35 regular

children we are licensed to care for."

Staff members at the Center are: Mrs. Bobby Crowley, director; Mrs. Bill Hudgins, assistant director; Mrs. Larry Farnsworth, Mrs. Mike Brown, Mrs. Charles Reed and Janice Miller, teachers and assistants.

Mrs. Bonds said that the staff members, the Board of Directors and the Board of Community Development would all like to thank each individual, club, organization and merchant for the contributions of money, gifts and work that has been donated to the Center in getting it open.

"This is a non-profit center and will always be in need of financial aid," Mrs. Bonds said. "This is a tax deductible operation and any donation made to the Center can be an advantage to the donor at income tax time. If there were enough donations it would be unnecessary to have a money making project."

"Donations could be in the form of memorials," Mrs. Bonds said, "and a card from the Center would be sent."

She said that the most important items needed at present are lightweight blankets to cover the children during naps, small bowls, glasses, cups and teaspoons.

The Center is operated for the benefit of all children ages birth to seven. The children have both morning and afternoon snacks and a hot lunch is served every day. The Center provides arts, crafts, story time, supervised playtime and naps for the children each day.

Mrs. Bonds said that the general public is encouraged to visit the Center and see the children at play.

## Living Hands Singers Set Performances

The public is invited to four performances of the Living Hands Singers of Waxahachie at the Assembly of God Church here, this weekend, says the pastor, the Rev. Carl Amburn.

The singers, who have appeared here previously, will be accompanied this time by Winnie Dean, soloist. Under the direction of Chip Hawkins, the group of 15 students from Southwestern Assemblies of God College, will be appearing at 7:30 p.m. Friday, 7:30 p.m. Saturday and on Sunday at 11 a.m. and 6:30 p.m.

Hawkins will also be interpreting in sign language for the deaf. A special invitation is extended to the deaf in the community, Rev. Amburn stated.

## Elementary Still Needs Volunteers

Parents who are able to volunteer an hour or two any day of the week are still needed to work in the reading resource center at the elementary school, according to Larry Butler, principal. Very few parents offered their services on the last request.

Parents who volunteer will be assisting Mrs. Richard Young in setting up listening centers and various learning stations.

It is hoped that parents who have the time will show enough interest in the development of a new program to come by or call the school and inform the administration of their desire to help.

# Pipers to Host Clyde Here Friday

The Pied Pipers will return to their home field Friday night as they host the Clyde Bulldogs in another non-conference tilt. The Pipers will be going for their third win of the young season while the Bulldogs will be seeking their second victory.

Last week, while the Pipers were defeating the Haskell Indians, 34-6, the Clyde Bulldogs were defeating the Stamford Bulldogs, 18-7. Clyde lost their opener the week before to Winters, 12-6.

In other 6-AA action Friday night Winters defeated Merkel, 26-13; Anson defeated Rotan, 46-13; Sweetwater defeated Colorado City, 41-13; Coahoma defeated Post, 26-14; and Ballinger defeated Reagan County, 18-6.

Coach David Bonds is expected to be without his starting quarterback, Tracy Rowland, in Friday's contest with Clyde as the senior signal caller suffered a bruised foot in the first half of the Haskell game last Friday. Sophomore quarterback Paul Reynolds subbed for the injured Rowland against Haskell and is expected to get the starting nod against Clyde.

Raymond Jordan, who was injured in the Olney scrimmage and missed the Rotan game, was back in action last Friday and is expected to take over his starting duties at linebacker this week against Clyde.

Scouting reports on the Clyde Bulldogs indicate that they are a good-sized team but smaller than they have been for the past few years. Offensively the Bulldogs will be led by their senior quarterback Johnny Arms who is a good passer and the best runner on the squad. The 155-pound signal caller is joined by Marty Clifford, 170-pound senior and Ronnie Dunn, 170-pound junior, at halfbacks in the Houston slot offense. At slotback will be Curtis Chiappone, 165-pound junior. Receivers for the Bulldogs

will be Miller Scott, 175-pound junior, at split end and Billy Dugan, 165-pound sophomore, at tight end. Dugan is probably the best pass receiver on the squad that put the ball in the air 14

## Broom Sale Set Monday And Tuesday

The Hamlin Lions Club will hold its annual Broom and Mop Sale here Monday and Tuesday, according to Bobby Crowley, president. The Lighthouse for the Blind truck will be parked downtown all day Monday and Tuesday with club members on hand to serve the public.

Members of the local Lions Club will be going house to house both Monday and Tuesday evenings in an effort to give everyone an opportunity to help in this worthwhile cause, Byron Swank, chairman, said.

As in the past the Lions will be selling brooms, mops and various household and kitchen items. All of the merchandise sold during the two-day sale is made by the blind.

## P-TA Announces Drive For Memberships Here

The annual membership drive of the Hamlin Parent-Teachers Association will be held Sept. 23-30 and this week has been proclaimed City PTA Week by Mayor Joe E. Ford.

The mayor, in making the proclamation, encourages all concerned people to join PTA.

The drive, under the direction of Mrs. Garnet Waggoner, will seek to enlist all interested persons.

October will mark 65 years of service for Texas PTA. The organization, originally composed of mothers, has expanded its membership to include fathers, grandparents, teachers, administrators, students and other concerned people.

From its beginning on Oct. 19, 1909, the Texas Congress of Parents and Teachers has

times last week against Stamford.

Tackles for the Bulldogs are Royce Watkins, 175-pound senior, and Mike Dugan, 190-pound senior. Playing guard will be Mike Hogan, 185-pound freshman, and Jimmy May, 190-pound senior. Center for the Bulldogs will be Ray Walker, 185-pound senior.

## Freshmen To Host Rule Here Tonight

The Hamlin Freshmen will make their first home appearance here tonight (Thursday) when they host the Rule Junior Varsity with the kickoff set for 7 p.m. Both the Junior Varsity and the eighth graders will travel to Clyde tonight for their contests. The eighth grade game will start at 6 and the JV's at 7. The seventh graders are idle.

Last week the seventh grade and the Junior Varsity defeated Haskell here while the eighth grade suffered its first defeat. The seventh grade won 14-8 over Haskell while the eighth grade lost, 18-0.

The JV's downed Haskell's JV's 26-0.

The Freshmen defeated the Colorado City Freshmen on their home field, 6-0.

## LIBRARY NEWS

By Kathy Wilcox  
Several new books have been added to the growing selections at Harden Memorial Library.

Bad Henry is written by Stan Baldwin and Jerry Jenkins in collaboration with Hank Aaron. Few people really know Hank Aaron. He is a very private man. His story provides an insight into this great man who is an inspiration to young athletes as well as to adults—to anyone who has ever felt like throwing in the towel.

Time and the Hour by Faith Baldwin is a love story. Stacy Armitage, a rejected unhappy artist, who had recently been divorced, promised herself that she would never again become emotionally involved with anyone. Would she? There was Lee Osborne, an architect, with a guilt burden, who appeared to be more than casually interested in Stacy, a newcomer to Oxford. The town watched with interest.

Praise the Human Season by Don Robertson, is a transcendent love story of two people in the autumn of their lives, a hymn of praise to the human season.

Our library isn't very large, but is still growing as we purchase new books each month and have people who donate books, also. We have books for all ages, and are sure that you could find something you would enjoy reading.

We also have a paperback exchange system with books of various interest - westerns, supernatural and science-fiction, gothic romances, mysteries and miscellaneous. Books are exchanged on the basis of one-for-one-bring one book and take one book.

Hope to see you soon in the Harden Memorial Library. Everyone is welcome to check out our books.

**YHT SPONSORS PARTY**—Members of the local chapter of Young Homemakers of Texas sponsored the monthly birthday party at Holiday Lodge Tuesday afternoon. Here, from left, Mrs. Paul Frazier assists Mrs. Robert Christian, Lodge activity director, serve birthday honoree, Mrs. J. C. Dickey, as Mrs. Herman Daniell and Mrs. Ronnie Jeffrey prepare the refreshments for serving other residents.

## OUR CLAIM ON CHRIST

by David Giddings

A little boy walked into the office of Dr. Barnardo of the Barnardo Orphan Home in London, asking to be admitted into the orphanage. The lad was ragged and dirty. "But, my boy," said the doctor, "I do not know you. Who are you? What do you have to recommend you?" The little fellow pointed to his ragged clothes and said, "Sir, I thought these would be all I needed to recommend me." The doctor took the little guy in his arms - and took him in.

Like this little boy, our greatest claim on Jesus Christ is our need. All of us have sinned and the wages of sin is death (Romans 3:23; 6:23). Isaiah said, "We are all as an unclean thing and all our righteousnesses are as filthy rags." (Isaiah 64:6) God wants to take us in and clean us up, rid us of our sins, save us eternally. God supplies our needs in Jesus Christ. Jesus is the Son of God who came to save mankind (Luke 19:10). God takes us in as His children through the death, burial and resurrection of Jesus. Paul wrote, "You are all children of God through faith in Christ Jesus. For as many of you as were baptized into Jesus Christ, did put on Christ." (Galatians 3:26,27).

I would like to help you to lay claim on the salvation possible in Jesus. Sin puts us in need of this salvation and God, through His Son, established the church to help men experience God's saving grace. The church of Christ has one purpose in mind and that is the salvation of souls; your soul. Once each month, I will be sharing thoughts with you in an item similar to the one you are now reading. I want to know your needs and your questions regarding spiritual matters and deal with them in a personal way or share God's answer from the Bible in these monthly articles. We can also send you a free Bible correspondence course to help you study for yourself the saving message of God. We would welcome your presence at our worship services and Bible studies. All of this is offered without any type of obligation on your part. Visit our offices. Write for the free Bible course. Give me a call or come by and visit with me so that we can get to know God and His Son, Jesus Christ better, together. God bless you.

### And What Have You

Continued from page 1

for illegal campaign contributions." Roberts goes on to point out the double standards involved in the Sharpstown scandals here in Texas where all of the elected officials were knocked out of office but the crook who actually stole the millions was one Frank Sharp who was granted complete immunity.

"Then how about Jake Jacobsen. "Washington prosecutors trying to develop a case against former governor John Connally promised immunity to Jacobsen if he would testify against Connally, under indictment that he accepted \$10,000 bribe while secretary of the treasury."

Roberts points out that, "The Connally bribe charge, if conviction were obtained, would result in a maximum penalty of two years and a \$10,000 fine. Yet Jacobsen, convicted on a San Angelo savings and loan charge, faced a maximum of 35 years imprisonment and a \$70,000 fine. That's not a double standard?"

It always seemed strange to me that you could bribe one man to convict another man of bribery charges.

Roberts concluded with, "We can't help but think of something that Dr. George Betto, former head of the nationally recognized prison system in Texas once said.

" 'Prisons exist for one of three reasons for inmates: restraint, rehabilitation, or reintegration into society . . any other reason for locking up someone is pure and simple revenge! ' "

## An Added Touch of Beauty

Robert Louis Stevenson said:

"The world is so full of  
a number of things,  
I'm sure we should all be  
as happy as kings."

God's world is filled with loveliness, but we need to add our own touch of beauty, so that we might be builders of a better world with Him. Each of us was given talents which would enable us to contribute to the world and mankind something great and lasting and beneficial. May each of us use these talents to the Glory of God. Add a touch of beauty to your life this week by attending church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Pipers Take 34-6 Win Over Haskell Indians

The Hamlin Pied Pipers scored seven points on their first possession of the football Friday night against the Haskell Indians and fought off the determined Indians until the second half before exploding to a 34-6 victory.

Steve Evans, senior Piper fullback, carried the ball five of seven times in the first Piper drive that moved the ball 43 yards for the touchdown. The Pipers put together another drive late in the first period only to have a pass intercepted in the Haskell endzone.

Johnny Jones, seeing only limited action in the first half because of a bruised knee, broke the game open in the second half with touchdown runs of 59 and 58 yards. While carrying the ball only three times in the first half for 26 yards, the senior running back was the night's top ground gainer with 204 yards in 14 carries for an average of 14.6 per carry.

The Piper's other two touchdowns came on a 13 yard carry by Junior Daniel Willis and a 10 yard carry by Sophomore Paul Reynolds.

Haskell's lone touchdown came early in the fourth period when they recovered a Piper fumble on Hamlin's 25 yard line. Aided by a five yard penalty, the Indians took six plays to cover the remaining 20 yards with Cris Love scoring from the nine.

The Indians took the opening kickoff and returned it to their own 30. They lost five yards and then a 15-yard Hamlin penalty gave them a first down on the 40. In three plays they netted a minus three yards and Love went back to punt. A bad snap caused Love to try to run the ball out and he was stopped short at the 43.

Evans carried four times for gains of 5, 9, 7, and 5 for first downs at the 29 and 17 yard lines. Willis ripped off four yards to the 13 and Jones carried for 10 to the three. Evans carried in for the score with Tracy Rowland kicking the point after.

The Indians took the kickoff back to their own 38 and picked up first downs at the Indian 49 and the Hamlin 37, but the Indian drive stalled out with the Pipers taking over on their own 31.

Evans carried for gains of two and three yards and on third down Willis broke loose for 22 yards and a first down at the Indian 42. Rowland carried for eight yards and Willis picked up another first down with a nine yard carry to the 25. The Pipers took to the air at this point only to have the pass come up short with the Indians intercepting it in the end zone and returning it out to the 21.

Love closed out the first quarter with a 56 yard carry to the Hamlin 31. Two plays later the Indians had a first down at the 20 but the Piper defense proved too strong and the Indians gave up the ball four plays later back on the 24.

The Pipers moved the ball out to midfield before having to punt to the Haskell 16. The Pipers lost the services of

their quarterback Tracy Rowland with a sprained foot in this drive. The Indians moved out to the 32 before punting back to the Pipers who failed to make a first down and punted again. The Indians used up the remaining time on the clock in three plays and the half ended with the Pipers ahead 7-0.

A 15 yard penalty on the kickoff put the Pipers back on their own 15 to open second half play. Jones powered his way for nine yards and Evans added eight more for a first down at the 32. Willis picked up four yards, but then a 5 yard penalty put the Pipers back on the 29. Jones carried for ten yards and then hit over right tackle for 59 yards and the score. Gerry Young kicked the point after.

The Indians returned the kickoff back to their own 30 and then put together a drive that netted two first downs moved the ball to the Hamlin 32 before Quarterback Gary McAdams was dropped for a six yard loss on fourth down.

Taking over on their own 38, the Pipers sent Evans into the line for three yards, and Jones picked up 13 yards for a first down at the Haskell 46. Paul Reynolds kept for six yards and then sent Jones into the line for four and another first down. Willis carried for six, and Jones picked up 16 for a first down at the 13. Reynolds carried for six more, but Jones was dropped for a six yard loss back to the 13. Willis swept his left end for the 13 yard touchdown. Young again kicked the point after.

Haskell failed to gain a first down following the kickoff and punted with Robert Phariss returning it 19 yards. The Pipers drew a 15 yard penalty on the return and the ball was put in play at the 25. On the first play the Pipers fumbled with Haskell recovering on the 25.

In three plays the Indians picked up seven yards and on fourth down Love carried for four yards and a first down at the Hamlin 15. After a gain of one yard, the Indians picked up five yards on a Hamlin penalty and then sent Love around his left end for 10 yards and the score. The point after try was blocked.

Phariss returned the kickoff back to the Hamlin 46. But Hamlin picked up another five yard penalty on this possession and failed to make their first down. The Pipers punted out to the Haskell 34 and then held the Indians for a yard loss in three plays. The Indians punted out to the Hamlin 29 and another 15 yard penalty put the Pipers back on their

own 20. Jones carried for gains of five and 10 yards with Ricci Harugthy adding three more. Phariss picked up four yards and then Jones hit into the middle of the line and broke out into the open for a 58 yard touchdown run. Young's kick was good.

With 3:02 left on the clock the Pipers put in their second units. Haskell returned the kickoff back to their own 35 and then drew a 15 yard penalty on the first play and in the next three plays gained nine yards. Back to punt, Love was forced to run when he received a bad snap with the Pipers stopping him at the 10.

On first down Reynolds rolled out to his left and went into the endzone standing up for the score. Young's kick was no good.

The game ended following the kickoff.

## Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips:

### CARE FOR LIGHTING EQUIPMENT

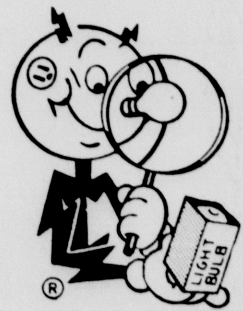

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cords or plugs. Replace or repair them immediately if they are faulty.

### LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs about one-third less to buy and replace.

### READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

# Carl Greenway Dies In California, Burial Here

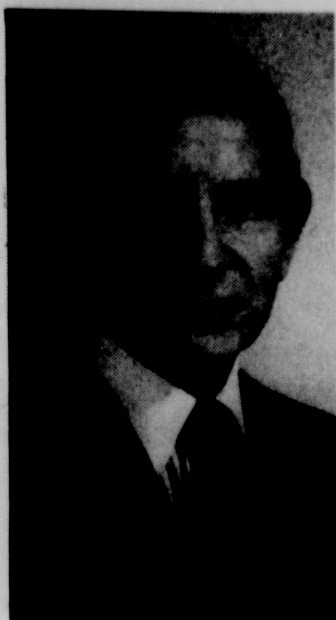

Graveside rites will be held at 2 p.m. today (Thursday) at Hamlin East Cemetery for Carl Forrest Greenway, 57, a Hamlin native and prominent New York City personality.

Mr. Greenway died early Saturday morning in a Los Angeles, Calif., hospital. He had lived in California with his mother, Mrs. James Carl Greenway and a sister, Mrs. R. H. (Mildred) Secrist, since early this year.

He was former vice president and director of the investment banking firm of Spencer Trask & Co. and former president of the Metropolitan Opera Club. He had been with New York's oldest investment firms from 1948 until ill health forced his retirement in January. At retirement he was general partner in the investment banking and brokerage firm.

Mr. Greenway's career took him from RFD 3, Hamlin, where he was born May 8, 1917, and reared on a farm between McCauley and Neinda, to the New York Social Register, from a clerkship at Bryant-Link for five years during the Depression to a seat on the New York Stock Exchange.

He was a longtime director, and at his retirement the president, of the exclusive Metropolitan Opera Club, a select New York group which

CARL F. GREENWAY

supports the Metropolitan Opera.

He graduated from Hamlin High School in 1933 and went to Baylor University to study music and Spanish. The Depression forced him to leave school after a year and a half.

He managed some courses at the University of Mexico and commuted to Hardin-Simmons in Abilene for a time but earned no degree. He went to work for Bryant-Link at Hamlin as a clerk and became manager of the dry goods department.

Mr. Greenway volunteered for military service after Pearl Harbor and was accepted for officer training.

He was commissioned a second lieutenant in the Air Corps in August of 1942 and was released as a major four and a half years later, having won the Bronze Star. On graduation from the Army's Command and General Staff School at Fort Leavenworth, he served as staff officer to Major General Ryan, commanding general of the Pacific Division, Air Transport Command, at Hickham Field, Hawaii.

He was released from service in May 1946. He went directly to Harvard where he applied to the Graduate School of Business Administration, asking to bypass undergraduate work for his bachelor's degree.

On examination he was admitted and won his Harvard master's in two years.

On graduation he joined the New York investment firm. A leader in religious affairs, he was a member of the vestry of St. Thomas Church, chairman of the investment committee, and a member of the music and choir school committees. He was also a member of the Church Club of New York.

He was president of 950 Fifth Avenue Corporation when he resided there, and was president of the Washington Square Fund and a director and member of the finance committee of Goodwill Industries of Greater New York.

In addition to serving as president of the Opera Club two years, he was a member of the executive committee and former chairman of the administrative committee of the National Council of the Metropolitan Opera and a sponsor member of the Metropolitan Opera Guild.

His clubs were the Down Town Association, the Knickerbocker Club and the Harvard Club.

Funeral services were held in Los Angeles and another service was held Tuesday in New York City. The body was flown to Dallas Wednesday and brought to Hamlin by McCoy Funeral Home.

The Rev. Howard Jones, pastor of First Baptist Church, will conduct the graveside rites.

Survivors include his mother, who is now in Austin following knee surgery; two brothers, J. D. Greenway of Wichita Falls and Lee Greenway of Los Angeles; one sister, Mrs. Secrist of Los Angeles. An aunt, Miss Lennie Greenway, was a longtime Hamlin bank employee.

A community project was discussed along with sewing and craft courses. The purpose of such a committee was explained by Mrs. Pena. It is hoped that such a committee can work with migrant parents and get them and their children more involved in school and the community as a whole.

The next meeting will be Friday at 4:30 p.m. in the primary cafeteria. A film on cancer, discovery and treatment, will be presented by John Barnes.

A class on conversational Spanish will be discussed. The class will need to have 14 members before such a course can be given.

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

If all goes as planned the Hamlin School Board will open bids today (Thursday) on new lights for the football stadium. And one of the bidders has indicated that he could have the new lights installed in time for the Homecoming game here Oct. 11.

This is something that has needed attention for a long time. We hope that everything goes as planned and we can have the new lights that soon.

If you are wondering why the sudden interest in the lights, it is because of the new ruling (put into effect last year but enforced this year) that requires the team to be six feet back from the sideline. When you move back that far on our field you are back against the fence and the only way you can move the fence is to get rid of the light poles.

The specifications for the bids call for four steel poles, two to each side, to be placed behind the stands. Each pole will be equipped with 24 quartz lights with all wiring underground.

Not only will this make the Hamlin field one of the best lighted fields in the area but it will also get rid of the poles that always seem to block everyone's view.

Last week when we defended President Ford's pardon of former President Nixon we felt a little lonesome after reading what most other writers had to say about the subject. That is until we received our friend James Robert's newspaper from Andrews.

All of Robert's column is worth repeating but because of length we are going to repeat only part of it here.

"Not since the civil rights days of the fifties have we heard as much hypocritical hogwash as has poured forth following President Ford's pardon of Richard Nixon.

"Back in the fifties, all the integration battles were fought in the South with the people up north insisting on one standard for the South and another standard for the Northern schools.

"Now that the worm has turned and they're true integration up there by busing, staid old Bostonians were out tossing rotten tomatoes at, of all people, Sen. Edward Kennedy.

"But all the screamin' and gnashin' of teeth and wailin' heard in Washington and New York from lawyers and news media concerned the double standard the pardon is supposed to encourage in this country.

"Nuts!  
"We've had a double standard under law ever since the white man traded those Indians out of Manhattan. And it wasn't something invented by the Democrats or the Republicans—both have used it to a fare-thee-well for ages.

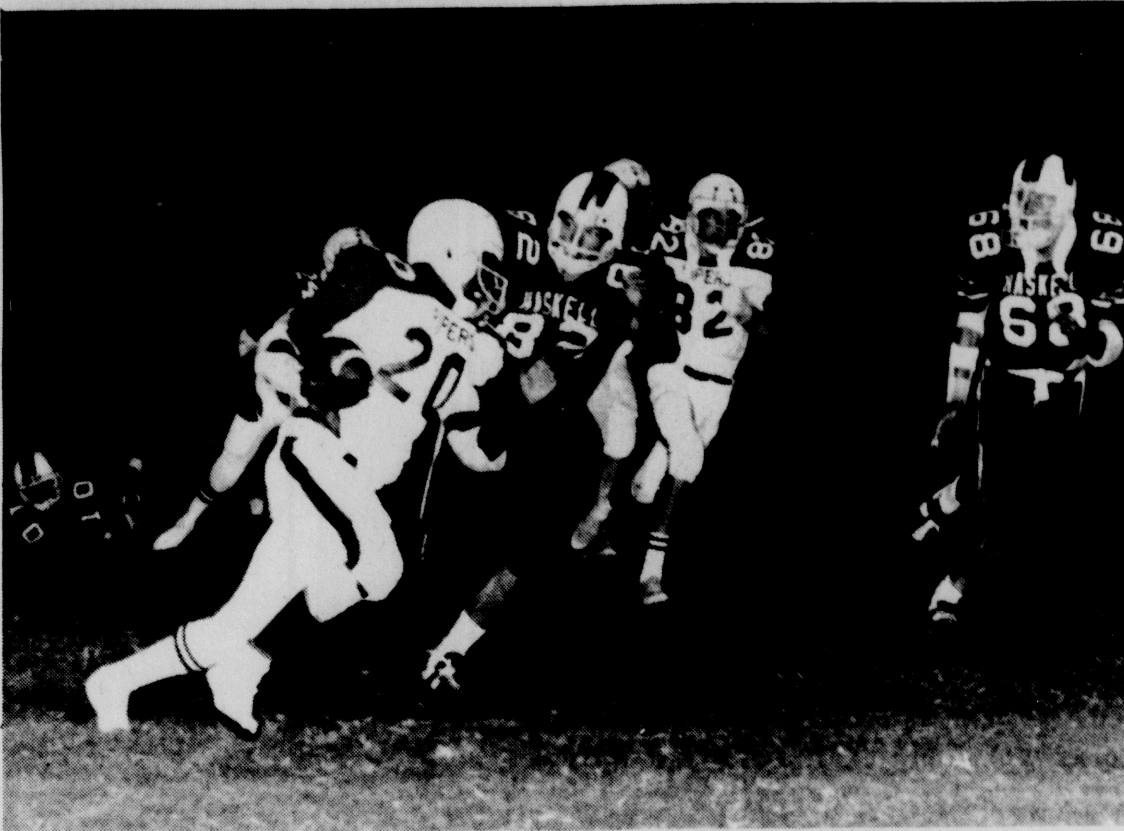

"Personally, every day that passes, President Ford reminds us more of former President Truman. He bites the bullet quick.

"We hope the President pardons every Watergate offender and every draft dodger and war resister in and out of the country.

"We could care less about any of them. But by pardoning the whole lot maybe we could write an end to Vietnam and to Watergate and just possibly terminate the employment of those 1,300 to 1,500 Watergate lawyers on the federal payroll in Washington and force them out on the streets to earn an honest living for a change.

"Actually, President Ford better hurry up with those pardons before someone remembers that we never had have gotten around to prosecuting Democrat Senators Hubert Humphrey nor Wilbur Mills

## Child Day Care Center Now Serving Over 22

The Hamlin Child Care Center is currently serving 22 regular full-time children, four part time children and usually two or three drop-ins each day, according to Peggy Bonds, a member of the board of directors of the organization.

Enrollment in the Center, licensed to care for 35 children, has fluctuated from 10 to 33 regulars since its opening in June.

Mrs. Bonds said, "Financially, regular full time enrollees would be the ideal way to operate, but up to this time we have not filled our quota of 35 regular

### James Johnson Named J.R.B. Manager Here

James Johnson, assistant manager of the JRB Supermarket in Eastland for the past 14 months, has been named manager of the JRB Store here.

Johnson, 33, and his wife Carole have three daughters, Tammy Gay, 7, a third grader, Kimberly Gale, 4, and Wendy Lynn, 2.

A native of Cross Plains, he graduated from Eastland High School and was employed in Civil Service in Abilene before returning to Eastland.

They are members of the Baptist Church.

C. C. Carter, 84, grandfather of Pat Carter, died at 3:05 a.m. Saturday in Fisher County Hospital after a two-day illness. Services were held at 3 p.m. Sunday in Rotan's First Baptist Church.

children we are licensed to care for."

Staff members at the Center are: Mrs. Bobby Crowley, director; Mrs. Bill Hudgins, assistant director; Mrs. Larry Farnsworth, Mrs. Mike Brown, Mrs. Charles Reed and Janice Miller, teachers and assistants.

Mrs. Bonds said that the staff members, the Board of Directors and the Board of Community Development would all like to thank each individual, club, organization and merchant for the contributions of money, gifts and work that has been donated to the Center in getting it open.

"This is a non-profit center and will always be in need of financial aid," Mrs. Bonds said. "This is a tax deductible operation and any donation made to the Center can be an advantage to the donor at income tax time. If there were enough donations it would be unnecessary to have a money making project."

"Donations could be in the form of memorials", Mrs. Bonds said, "and a card from the Center would be sent." She said that the most important items needed at present are lightweight blankets to cover the children during naps, small bowls, glasses, cups and teaspoons.

The Center is operated for the benefit of all children ages birth to seven. The children have both morning and afternoon snacks and a hot lunch is served every day. The Center provides arts, crafts, story time, supervised playtime and naps for the children each day.

Mrs. Bonds said that the general public is encouraged to visit the Center and see the children at play.

## Living Hands Singers Set Performances

The public is invited to four performances of the Living Hands Singers of Waxahachie at the Assembly of God Church here, this weekend, says the pastor, the Rev. Carl Amburn.

The singers, who have appeared here previously, will be accompanied this time by Winnie Dean, soloist. Under the direction of Chip Hawkins, the group of 15 students from Southwestern Assemblies of God College, will be appearing at 7:30 p.m. Friday, 7:30 p.m. Saturday and on Sunday at 11 a.m. and 6:30 p.m.

Hawkins will also be interpreting in sign language for the deaf. A special invitation is extended to the deaf in the community, Rev. Amburn stated.

## Elementary Still Needs Volunteers

Parents who are able to volunteer an hour or two any day of the week are still needed to work in the reading resource center at the elementary school, according to Larry Butler, principal. Very few parents offered their services on the last request.

Parents who volunteer will be assisting Mrs. Richard Young in setting up listening centers and various learning stations.

It is hoped that parents who have the time will show enough interest in the development of a new program to come by or call the school and inform the administration of their desire to help.

# Pipers to Host Clyde Here Friday

The Pied Pipers will return to their home field Friday night as they host the Clyde Bulldogs in another non-conference tilt. The Pipers will be going for their third win of the young season while the Bulldogs will be seeking their second victory.

Last week, while the Pipers were defeating the Haskell Indians, 34-6, the Clyde Bulldogs were defeating the Stamford Bulldogs, 18-7. Clyde lost their opener the week before to Winters, 12-6.

In other 6-AA action Friday night Winters defeated Merkel, 26-13; Anson defeated Rotan, 46-13; Sweetwater defeated Colorado City, 41-13; Coahoma defeated Post, 26-14; and Ballinger defeated Reagan County, 18-6.

Coach David Bonds is expected to be without his starting quarterback, Tracy Rowland, in Friday's contest with Clyde as the senior signal caller suffered a bruised foot in the first half of the Haskell game last Friday. Sophomore quarterback Paul Reynolds subbed for the injured Rowland against Haskell and is expected to get the starting nod against Clyde.

Raymond Jordan, who was injured in the Olney scrimmage and missed the Rotan game, was back in action last Friday and is expected to take over his starting duties at linebacker this week against Clyde.

Scouting reports on the Clyde Bulldogs indicate that they are a good-sized team but smaller than they have been for the past few years. Offensively the Bulldogs will be led by their senior quarterback Johnny Arms who is a good passer and the best runner on the squad. The 155-pound signal caller is joined by Marty Clifford, 170-pound senior and Ronnie Dunn, 170-pound junior, at halfbacks in the Houston slot offense. At slotback will be Curtis Chiappone, 165-pound junior. Receivers for the Bulldogs

will be Miller Scott, 175-pound junior, at split end and Billy Dugan, 165-pound sophomore, at tight end. Dugan is probably the best pass receiver on the squad that put the ball in the air 14

From its beginning on Oct. 19, 1909, the Texas Congress of Parents and Teachers has

times last week against Stamford.

Tackles for the Bulldogs are Royce Watkins, 175-pound senior, and Mike Dugan, 190-pound senior. Playing guard will be Mike Hogan, 185-pound freshman, and Jimmy May, 190-pound senior. Center for the Bulldogs will be Ray Walker, 185-pound senior.

## Freshmen To Host Rule Here Tonight

The eighth grade game will start at 6 and the JV's at 7. The seventh graders are idle.

Last week the seventh grade and the Junior Varsity defeated Haskell here while the eighth grade suffered its first defeat. The seventh grade won 14-8 over Haskell while the eighth grade lost, 18-0.

The JV's downed Haskell's JV's 26-0.

The Freshmen defeated the Colorado City Freshmen on their home field, 6-0.

## OUR CLAIM ON CHRIST

by David Giddings

A little boy walked into the office of Dr. Barnardo of the Barnardo Orphan Home in London, asking to be admitted into the orphanage. The lad was ragged and dirty. "But, my boy," said the doctor, "I do not know you. Who are you? What do you have to recommend you?" The little fellow pointed to his ragged clothes and said, "Sir, I thought these would be all I needed to recommend me." The doctor took the little guy in his arms - and took him in.

Like this little boy, our greatest claim on Jesus Christ is our need. All of us have sinned and the wages of sin is death (Romans 3:23; 6:23). Isaiah said, "We are all as an unclean thing and all our righteousness are as filthy rags." (Isaiah 64:6) God wants to take us in and clean us up, rid us of our sins, save us eternally. God supplies our needs in Jesus Christ. Jesus is the Son of God who came to save mankind (Luke 19:10). God takes us in as His children through the death, burial and resurrection of Jesus. Paul wrote, "You are all children of God through faith in Christ Jesus. For as many of you as were baptized into Jesus Christ, did put on Christ." (Galatians 3:26,27).

I would like to help you to lay claim on the salvation possible in Jesus. Sin puts us in need of this salvation and God, through His Son, established the church to help men experience God's saving grace. The church of Christ has one purpose in mind and that is the salvation of souls; your soul. Once each month, I will be sharing thoughts with you in an item similar to the one you are now reading. I want to know your needs and your questions regarding spiritual matters and deal with them in a personal way or share God's answer from the Bible in these monthly articles. We can also send you a free Bible correspondence course to help you study for yourself the saving message of God. We would welcome your presence at our worship services and Bible studies. All of this is offered without any type of obligation on your part. Visit our services. Write for the free Bible course. Give me a call or come by and visit with me so that we can get to know God and His Son, Jesus Christ better, together. God bless you.

## LIBRARY NEWS

By Kathy Wilcox

Several new books have been added to the growing selections at Harden Memorial Library.

Bad Henry. is written by Stan Baldwin and Jerry Jenkins in collaboration with Hank Aaron. Few people really know Hank Aaron. He is a very private man. His story provides an insight into this great man who is an inspiration to young athletes as well as to adults—to anyone who has ever felt like throwing in the towel.

Time and the Hour by Faith Baldwin is a love story. Stacy Armitage, a rejected unhappy artist, who had recently been divorced, promised herself that she would never again become emotionally involved with anyone. Would she? There was Lee Osborne, an architect, with a guilt burden, who appeared to be more than casually interested in Stacy, a newcomer to Oxford. The town watched with interest.

Praise the Human Season by Don Robertson, is a transcendent love story of two people in the autumn of their lives, a hymn of praise to the human season.

Our library isn't very large, but is still growing as we purchase new books each month and have people who donate books, also. We have books for all ages, and are sure that you could find something you would enjoy reading.

We also have a paperback exchange system with books of various interest - westerns, supernatural and science-fiction, gothic romances, mysteries and miscellaneous. Books are exchanged on the basis of one-for-one-bring one book and take one book.

Hope to see you soon in the Harden Memorial Library. Everyone is welcome to check out our books.

Naming of Pat Rector, daughter of Mr. and Mrs. L.E. Rector of McCaulley as the first Jubilee Queen was the climaxing event Saturday evening at the Pied Piper football stadium. The event was one of the features at the first Tri-County Jubilee, sponsored by the Hamlin Chamber of Commerce.

Scores of Hamlin area farmers and oil men are scheduled to be guests Saturday of the Anson Chamber of Commerce at the annual Jones County Jamboree, which is scheduled Saturday.

Regular monthly game night of the Neinda community people has been postponed from tonight to Saturday night, on account of the football games in the area, according to community leaders.

Hamlin area people continued this week to watch with interest drilling activities at the Lester and Duffield, Inc. and Plymouth Oil Company of

for illegal campaign contributions." Roberts goes on to point out the double standards involved in the Sharpstown scandals here in Texas where all of the elected officials were knocked out of office but the crook who actually stole the millions was one Frank Sharp who was granted complete immunity.

"Then how about Jake Jacobsen. "Washington prosecutors trying to develop a case against former governor John Connally promised immunity to Jacobsen if he would testify against Connally, under indictment that he accepted \$10,000 bribe while secretary of the treasury."

Roberts points out that, "The Connally bribe charge, if conviction were obtained, would result in a maximum penalty of two years and a \$10,000 fine. Yet Jacobsen, convicted on a San Angelo savings and loan charge, faced a maximum of 35 years imprisonment and a \$70,000 fine. That's not a double standard?"

It always seemed strange to me that you could bribe one man to convict another man of bribery charges.

Roberts concluded with, "We can't help but think of something that Dr. George Beto, former head of the nationally recognized prison system in Texas once said.

" 'Prisons exist for one of three reasons for inmates: restraint, rehabilitation, or reintegration into society . . . any other reason for locking up someone is pure and simple revenge! ' "

*An Added Touch of Beauty*

Robert Louis Stevenson said:

"The world is so full of  
a number of things,  
I'm sure we should all be  
as happy as kings."

God's world is filled with loveliness, but we need to add our own touch of beauty, so that we might be builders of a better world with Him. Each of us was given talents which would enable us to contribute to the world and mankind something great and lasting and beneficial. May each of us use these talents to the Glory of God. Add a touch of beauty to your life this week by attending church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Pipers Take 34-6 Win Over Haskell Indians

The Hamlin Pied Pipers scored seven points on their first possession of the football Friday night against the Haskell Indians and fought off the determined Indians until the second half before exploding to a 34-6 victory.

Steve Evans, senior Piper fullback, carried the ball five of seven times in the first Piper drive that moved the ball 43 yards for the touchdown. The Pipers put together another drive late in the first period only to have a pass intercepted in the Haskell endzone.

Johnny Jones, seeing only limited action in the first half because of a bruised knee, broke the game open in the second half with touchdown runs of 59 and 58 yards. While carrying the ball only three times in the first half for 26 yards, the senior running back was the night's top ground gainer with 204 yards in 14 carries for an average of 14.6 per carry.

The Piper's other two touchdowns came on a 13 yard carry by Junior Daniel Willis and a 10 yard carry by Sophomore Paul Reynolds.

Haskell's lone touchdown came early in the fourth period when they recovered a Piper fumble on Hamlin's 25 yard line. Aided by a five yard penalty, the Indians took six plays to cover the remaining 20 yards with Cris Love scoring from the nine.

The Indians took the opening kickoff and returned it to their own 30. They lost five yards and then a 15-yard Hamlin penalty gave them a first down on the 40. In three plays they netted a minus three yards and Love went back to punt. A bad snap caused Love to try to run the ball out and he was stopped short at the 43.

Evans carried four times for gains of 5, 9, 7, and 5 for first downs at the 29 and 17 yard lines. Willis ripped off four yards to the 13 and Jones carried for 10 to the three. Evans carried in for the score with Tracy Rowland kicking the point after.

The Indians took the kickoff back to their own 38 and picked up their first downs at the Indian 49 and the Hamlin 37, but the Indian drive stalled out with the Pipers taking over on their own 31.

Evans carried for gains of two and three yards and on third down Willis broke loose for 22 yards and a first down at the Indian 42. Rowland carried for eight yards and Willis picked up another first down with a nine yard carry to the 25. The Pipers took to the air at this point only to have the pass come up short with the Indians intercepting it in the end zone and returning it out to the 21.

Love closed out the first quarter with a 56 yard carry to the Hamlin 31. Two plays later the Indians had a first down at the 20 but the Piper defense proved too strong and the Indians gave up the ball four plays later back on the 24.

The Pipers moved the ball out to midfield before having to punt to the Haskell 16. The Pipers lost the services of

their quarterback Tracy Rowland with a sprained foot in this drive. The Indians moved out to the 32 before punting back to the Pipers who failed to make a first down and punted again. The Indians used up the remaining time on the clock in three plays and the half ended with the Pipers ahead 7-0.

A 15 yard penalty on the kickoff put the Pipers back on their own 15 to open second half play. Jones powered his way for nine yards and Evans added eight more for a first down at the 32. Willis picked up four yards, but then a 5 yard penalty put the Pipers back on the 29. Jones carried for ten yards and then hit over right tackle for 59 yards and the score. Gerry Young kicked the point after.

The Indians returned the kickoff back to their own 30 and then put together a drive that netted two first downs moved the ball to the Hamlin 32 before Quarterback Gary McAdams was dropped for a six yard loss on fourth down.

Taking over on their own 38, the Pipers sent Evans into the line for three yards, and Jones picked up 13 yards for a first down at the Haskell 46. Paul Reynolds kept for six yards and then sent Jones into the line for four and another first down. Willis carried for six, and Jones picked up 16 for a first down at the 13. Reynolds carried for six more, but Jones was dropped for a six yard loss back to the 13. Willis swept his left end for the 13 yard touchdown. Young again kicked the point after.

Haskell failed to gain a first down following the kickoff and punted with Robert Phariss returning it 19 yards. The Pipers drew a 15 yard penalty on the return and the ball was put in play at the 25. On the first play the Pipers fumbled with Haskell recovering on the 25.

In three plays the Indians picked up seven yards and on fourth down Love carried for four yards and a first down at the Hamlin 15. After a gain of one yard, the Indians picked up five yards on a Hamlin penalty and then sent Love around his left end for 10 yards and the score. The point after try was blocked.

Phariss returned the kickoff back to the Hamlin 46. But Hamlin picked up another five yard penalty on this possession and failed to make their first down. The Pipers punted out to the Haskell 34 and then held the Indians for a yard loss in three plays. The Indians punted out to the Hamlin 29 and another 15 yard penalty put the Pipers back on their

own 20. Jones carried for gains of five and 10 yards with Ricci Harugthy adding three more. Phariss picked up four yards and then Jones hit into the middle of the line and broke out into the open for a 58 yard touchdown run. Young's kick was good.

With 3:02 left on the clock the Pipers put in their second units. Haskell returned the kickoff back to their own 35 and then drew a 15 yard penalty on the first play and in the next three plays gained nine yards. Back to punt, Love was forced to run when he received a bad snap with the Pipers stopping him at the 10.

On first down Reynolds rolled out to his left and went into the endzone standing up for the score. Young's kick was no good.

The game ended following the kickoff.

## Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips:

### CARE FOR LIGHTING EQUIPMENT

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cords or plugs. Replace or repair them immediately if they are faulty.

### LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs about one-third less to buy and replace.

### READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

# Carl Greenway Dies In California, Burial Here

Graveside rites will be held at 2 p.m. today (Thursday) at Hamlin East Cemetery for Carl Forrest Greenway, 57, a Hamlin native and prominent New York City personality. Mr. Greenway died early Saturday morning in a Los Angeles, Calif., hospital. He had lived in California with his mother, Mrs. James Carl Greenway and a sister, Mrs. R. H. (Mildred) Secrist, since early this year.

He was former vice president and director of the investment banking firm of Spencer Trask & Co. and former president of the Metropolitan Opera Club. He had been with New York's oldest investment firms from 1948 until ill health forced his retirement in January. At retirement he was general partner in the investment banking and brokerage firm.

Mr. Greenway's career took him from RFD 3, Hamlin, where he was born May 8, 1917, and reared on a farm between McCaulley and Neinda, to the New York Social Register, from a clerkship at Bryant-Link for five years during the Depression to a seat on the New York Stock Exchange.

He was a longtime director, and at his retirement the president, of the exclusive Metropolitan Opera Club, a select New York group which

CARL F. GREENWAY  
... graveside rites today

supports the Metropolitan Opera.

He graduated from Hamlin High School in 1933 and went to Baylor University to study music and Spanish. The Depression forced him to leave school after a year and a half.

He managed some courses at the University of Mexico and commuted to Hardin-Simmons in Abilene for a time but earned no degree. He went to work for Bryant-Link at Hamlin as a clerk and became manager of the dry goods department.

Mr. Greenway volunteered for military service after Pearl Harbor and was accepted for officer training.

He was commissioned a second lieutenant in the Air Corps in August of 1942 and was released as a major four and a half years later, having won the Bronze Star. On graduation from the Army's Command and General Staff School at Fort Leavenworth, he served as staff officer to Major General Ryan, commanding general of the Pacific Division, Air Transport Command, at Hickham Field, Hawaii.

He was released from service in May 1946. He went directly to Harvard where he applied to the Graduate School of Business Administration, asking to bypass undergraduate work for his bachelor's degree.

On examination he was admitted and won his Harvard master's in two years.

On graduation he joined the New York investment firm. A leader in religious affairs, he was a member of the vestry of St. Thomas Church, chairman of the investment committee, and a member of the music and choir school committees. He was also a member of the Church Club of New York.

He was president of 950 Fifth Avenue Corporation when he resided there, and was president of the Washington Square Fund and a director and member of the finance committee of Goodwill Industries of Greater New York.

In addition to serving as president of the Opera Club two years, he was a member of the executive committee and former chairman of the administrative committee of the National Council of the Metropolitan Opera and a sponsor member of the Metropolitan Opera Guild.

His clubs were the Down Town Association, the Knickerbocker Club and the Harvard Club.

Funeral services were held in Los Angeles and another service was held Tuesday in New York City. The body was flown to Dallas Wednesday and brought to Hamlin by McCoy Funeral Home.

The Rev. Howard Jones, pastor of First Baptist Church, will conduct the graveside rites.

Survivors include his mother, who is now in Austin following knee surgery; two brothers, J. D. Greenway of Wichita Falls and Lee Greenway of Los Angeles; one sister, Mrs. Secrist of Los Angeles. An aunt, Miss Lennie Greenway, was a longtime Hamlin bank employee.
